How to Tag Image Tours in a Public Post:

Step 1: Go to your homepage on Facebook and begin a new post. Verify that the post is set to “Public” with the little grey globe symbol next to it. If the post is *not* set to “public”, use the drop down arrow and select “Public”. **Posts must be “public” for them to be counted for entry.**

Step 2: Tag Image Tours after writing out your post by typing the @ symbol followed by “Image Tours Inc.”. Click Image Tours Inc with our blue photo & logo once it appears in the drop down list. “Image Tours Inc.” will highlight in blue and the @ symbol will disappear, that’s how you know you’ve tagged us successfully!

Successful tag!

Step 3: Add a photo or video to your post using the colored icons at the bottom of the text box. Clicking the green image icon will allow you to upload an image from your device. Also don’t forget, you must type the hashtag #MyImageTour to the end of your post.

Step 4: Click post, and you’re done!
